**OPPOSITION TO MOTION FOR DISMISS**

We, Frain and LaShondra Simplis pro se litigants, are filing this opposition to the motion to dismiss filed by the Defendant JP Morgan Chase. This matter is a genuine issue of material fact as it relates to the defendants and their predecessors intent to illegally foreclose on a property for which they have no rights.

This opposition is based on the original information presented in the case and the material facts that neither of the predecessors for this property held legal business licenses in the state of Georgia and in times recent to the date of the loan were considered being revoked in the original state of its operations. These facts are true and binding, having been submitted in the exhibits to the court supporting the findings of these material facts.

Please allow for the development of additional facts in this case and please do not dismiss the case based on the unfounded merits of the defendants. We respectfully submit this opposition to the court as pre, se litigants.

Respectfully submitted,
